Subject Index

Page markers with S1: indicate pages in the *Medicine in the Twenty-First Century* supplement; page markers with S2: indicate pages in the *Immunization in Medical Education* supplement; page markers with S3: indicate pages in the *Health Promotion and Disease Prevention in Health Care Reform* supplement.

A

- Acquired immunodeficiency syndrome (AIDS). *See also* Human immunodeficiency virus (HIV)
 - assessing economic imperative to prevention of, 56
 - multistate surveillance project for assessing socioeconomic status of person with, 217
- Adult Treatment Panel Guidelines*, application of, 209
- Advertising. *See also* Media
 - in tobacco control programs, 378, S1:8
- AIDS. *See* Acquired immunodeficiency syndrome (AIDS); Human immunodeficiency virus (HIV)
- Alaska Natives
 - cardiovascular disease risk for, 295
 - correctness of racial coding for, on Washington State death certificate, 290
- Alcohol consumption. *See also* Drunk driving
 - as determinant of age-related cataract, 156
 - relative effectiveness of sanctions applied to first-time drunken driving offenders, 85
 - designated driver concept in traffic fatalities related to, S1:11
- American College of Radiology (ACR), accreditation of mammography facilities by, 162
- American Indians. *See* Native Americans
- Armenia
 - nutritional risks for elderly in, 118
 - population-based nutritional risk survey of pensioners in, 65
- Associative communities, S1:23
- ATPM-CDC Immunization in Medical Education project, S2:1

B

- Behavioral self-regulation theory, and prediction of breast self-examination, 130
- Bisexual men, failure to disclose HIV risk among, 125
- Blood pressure, levels and trends in the Netherlands, 194
- Board certification, among preventive medicine residency graduates, 251
- Body fat distribution, and prevention of diabetes, 172

Book reviews

- Acquired immunodeficiency syndrome (AIDS) in Africa: Its Present and Future Impact*, 58
- Acquired immunodeficiency syndrome (AIDS) Prevention Through Education: A World View*, 58
- Case Studies in Occupational Epidemiology*, 185
- Emerging Viruses*, 314
- Equity in the Finance and Delivery of Health Care: An International Perspective*, 315
- Health Status and Health Policy: Quality of Life in Health Care Evaluation and Resource Allocation*, 247
- Hospital Infection Control: Setting Up a Cost-Effective Programme*, 120

- Occupational Medicine: State of the Art Reviews. Unusual Occupational Diseases*, 60
- Occupational Medicine: State of the Art Reviews Occupational Lung Disease*, 60
- Oxford General Practice Series—23: Prevention in General Practice*, 247
- Physical Activity and Health 34th Symposium Volume of the Society for the Study of Human Biology*, 60
- Practical Guides for the General Practice—16. HIV and AIDS: Management by the Primary Care Team*, 59
- Principles of Exposure Measurement in Epidemiology*, 185
- Promoting the Health of Adolescents: New Directions for the Twenty-First Century*, 119
- Protecting the Public: Legal Issues in Injury Prevention*, 380
- Standard of Care: The Law of American Bioethics*, 380

- Breast cancer. *See* Mammograms
- Breast self-examination, dispositional optimism, self-efficacy, and health beliefs as predictors of, 130
- British perspective, on health promotion in primary care, S1:33

C

- California Department of Health Services, effectiveness of tobacco education media campaign, 319
- Canada
 - and health promotion challenges, S1:39
 - recommendations of task force, on periodic health examination, 187
- Cancer. *See* Breast self-examination; Cervical cancer; Prostate cancer
- Cardiovascular disease. *See also* Cholesterol
 - analysis of participants' solicitation of follow-up care at supermarket screening program, 283
 - and dietary fiber, 124
 - and health behavior change, 26
 - risk of, for Native Americans, 295
- Cataract, risk of, and alcohol consumption, 156
- Center for Epidemiologic Studies Depression Scale (CES-D), 77
- Centers for Disease Control (CDC)
 - WONDER-based information system, 230
- Cervical cancer, use of laboratory reports to assess screening for, 235
- Children
 - characterizing state strategies to assure primary care for, 103
 - education in improving passenger safety of, S1:19
- Cholesterol. *See also* Cardiovascular disease
 - effects of intervention on compliance to referral and lifestyle recommendations given at screening program, 275
 - model of, in putting medical practice guidelines into practice, 209
 - public screening in previously diagnosed hyperlipidemia, 20
- Chronic disease risk factors, physician advice to reduce, 367
- Clinical preventive services, S3:1, 3:15
- Clinician reminder system, use of, for screening mammography in public health clinic, 348

Community-based health promotion and disease prevention (CBHPDP), S1:26, S3:1, S3:9
 Community medicine, concept of field professor in, 114
 Contraception, access to, and prevention of teen pregnancy, 108
 Cost-benefit analysis
 of AIDS prevention, 56
 of HIV prevention intervention, 1
 Costs, physicians' awareness of, for mammography, 357
 Counseling
 effectiveness of physician in reducing chronic disease risk factors, 367
 physician, for hypercholesterolemia, 136
 smoking cessation for hospitalized smokers, 140

D

DATA2000, 230
 Death certificates
 correctness of racial coding of American Indians and Alaska natives on, 290
 history of smoking from Washington State, 335
 Demographic patterns, influence of changing, on health promotion priorities, S1:42
 Depression, screening for, in well older adults, 77
 Designated driver concept, S1:11
 Diabetes mellitus, primary prevention of non-insulin-dependent, 172
 Diet
 adequacy of, in treating hypercholesterolemia, 136
 and prevention of diabetes, 172
 Disease prevention
 community-based, S3:9
 in health care reform, S3:1
 for older adults, 223
 public policy for, S3:4, S3:15
 Drunk driving. *See also* Alcohol consumption
 education in reducing, S1:19
 relative effectiveness of sanctions applied to first-time offenders, 85

E

Education. *See also* Medical education
 evaluation of heart health, for Southeast Asians, 205
 for policymakers and health planners, S1:45
 role of, in changing public health behavior, S1:19
 school-based health, S1:30
 Elderly
 alcohol consumption in, and risk of cataract, 156
 factors associated with health behavior change among, 26
 health promotion and disease prevention for, 223
 nutritional risks for, in Armenia, 65, 118
 nutritional survey of, in a Russian population, 71
 screening for, depression in well, 77
 Environment, health effects of superfund hazardous chemical waste disposal sites, 151

Epidemiology
 for Hepatitis B, S2:45
 for influenza, S2:31
 for measles, S2:22
 Ethical guidelines, for health promotion, S1:47

F

Fiber, dietary and cardiovascular disease, 124
 Follow-up care, analysis of participants' solicitation of, for supermarket cardiovascular screening program, 283

G

Gay men, failure to disclose HIV risk among, 125
 Government, role of, in health promotion and disease prevention, S3:1

H

Harvard Alcohol Project, S1:11
 Head injuries, helmets in preventing, in horseback riders, 15
 Health alliances, S3:15
 Health behavior change
 factors associated with among older individuals, 26
 role of education in, S1:19
 Health belief model
 and factors in predicting breast self-examination, 130
 and primary care physician perspective of health promotion, S1:36
 Health care reform
 analysis of prevention benefits in, 44
